Panel 5 UGR

The back-lit Panel 5 LED panel boasts high lumen output and brightness whilst using the same power compared with an edge lit panel. With heat dissipation, the life of the panel LED chip is prolonged, making it ideal for installation into settings with heavy use such as schools, colleges and workplaces.

• High performance maintenance free LED panel
• Suitable for installation in offices, educational buildings, retail and healthcare premises
• Slimline design allows for installation into shallow ceiling voids
• TPa as standard
• UGR<19 (unified glare rating) compliant luminaire assisting to eliminate glare for visual comfort
• CCT selectable option also available
• Cool white, warm white and daylight options
• Panel Pod Self-Test emergency option
• Panel Pod sensor option
• Powered by Philips*
• LED lifespan L80 B10 54,000 hours
• Dimmable/OCTO options available

5 Year Product Guarantee
